What We Do

A unified platform built for enterprises to manage, control, and optimize contract workforce operations at scale.

Identity & Access Control

Centralized identity management with biometric, face, and mobile-based secure access across all facility gates.

Contract Governance

End-to-end management of labor contractors, ensuring transparency in billing, attendance, and vendor compliance.

Workforce Systems

Modular HRIS capabilities for contract staff, including digital onboarding, document tracking, and shift rosters.

Financial Enablement

Empower your workforce with Earned Wage Access (EWA), enabling workers to access their pay in real-time.

Why InOps?

Eliminate operational blind spots and reclaim control over your workforce expenditure.
